The New Faces of Engineering strives to promote the accomplishments of young engineers by highlighting their engineering contributions and the resulting impact on society. Young engineers two to five years out of school are the focus of this recognition program. Engineers Week sponsoring societies nominate young working engineers from among their membership.

SWE is seeking qualified candidates for recognition in the New Faces of Engineering program. SWE is encouraging each Section and MAL Region to nominate one candidate for this recognition. The deadline for nominations is Friday, October 21, 2005.

You can view the 2005 New Faces of Engineering honorees, including SWE’s nominee Stephanie Horne Swindle, by visiting http://www.eweek.org/site/Engineers/newfaces2005/index.html.

If you know someone you would like to nominate please contact Michelle Wirth at michelle.wirth@swe.org or 816-941-2742.
